**MOUNTING  
HARDWARE**

STEP

2

Mount and power your  
CleverCharge unit.

Your unit must be installed and plugged in first.

INSTALLATION  
INSTRUCTIONS

# STEP 3

Download the CleverCharge app, follow the in-app setup steps.

The setup steps cannot be followed until the unit is powered on.

# STEP 4

## Enjoy smarter charging!

### **ONE CHARGER TO RULE THEM ALL.**

Works with every EV and plug-in hybrid and provides centralized control for multiple chargers and vehicles.

### **SAY GOODBYE TO RANGE ANXIETY.**

Experience AI-optimized range predictions with mileage you can trust.

### **UNRIVALED INTELLIGENCE.**

Get patented insights and comprehensive battery health reports for all your connected EVs.
